SHUTTLE SYSTEM

There are many options available for biking, hiking and riding buses for access to our trails.

The Snowmass Village Free Shuttle will pick you up at just about any point on their routes. They also have an 'on-demand' service - you can arrange for pick up or get further information by calling **970-923-3500**. Please note, the Free Shuttle will not carry bicycles near sunset due to safety concerns. Contact the valley bus service, **Roaring Fork Transit Authority (RFTA)**, by calling **970-925-8484**.

RESERVE-A-PARK

To reserve a field, park or pavilions for your next event please call **970-922-2240** or visit www.snowmassrecreation.com. No camping.

RECOMMENDED BEGINNER TRAILS

Brush Creek Trail (paved trail) This trail begins at the back of parking lot 4 near the Snowmass Village Mall. The trail crosses Wood Road and Faraway Road. Near the fire station, there is a short but steep drop down to Owl Creek Road. After crossing Owl Creek Road, keep to your left, crossing a bridge over the creek. The trail continues to Highway 82 next to Brush Creek Road. You can return to the Snowmass Village Mall via Highline Road and the Village Way Trail.

RECOMMENDED INTERMEDIATE TRAILS

Highline/Lowline Trail The Highline Trail is a short and fun trail. You gain access at several locations, including either Highline Road or Owl Creek Road. If you wish to drive to the trail, you can park at the Town Park Station/Rodeo Lot on Brush Creek Road. The Highline Trail is a beginner to intermediate trail. There are two short but somewhat steep sections, one on the south side of Hidden Valley (Cemetery Lane) and the other near Owl Creek Road. The trail provides many spectacular views of Snowmass Village, Mt. Daly and Capitol Peak. You can now make a loop by connecting to the Low Line Trail which branches off on either end of the Highline.

RECOMMENDED EXPERT TRAILS

Rim Trail The Rim Trail is over seven miles in length. It is one of the classics in Snowmass Village. The trail can be accessed from the Town Park Station/Rodeo Lot or from Mountain View Apartments toward the top of Brush Creek Road. You can also access this trail midway from the top of Sinclair Road and go north or south. You can travel from either Mountain View apartments to Horse Ranch or cutoff at Sinclair Road. There are many steep sections along the trail both up and down. This is an expert biking trail only! However, the rewards of the views are worth the effort. You can look either into Aspen or down the valley to Basalt. Watch the weather as you are on an exposed ridge. Storms move in fast and can have lightning. There are only three accesses onto and off of the Rim Trail. Please respect private property and remain on the trail at all times.
